# Coffee Terminology

**Espresso** - Proper espresso is made from a special blend of Arabica coffees chosen for intense aromatic flavors and quality of performance during extraction. Espresso uses freshly roasted beans that are finely ground in the correct amount, firmly packed and then extracted under pressure. The end result will be a rich concentration of coffee taste and aroma.

**Café Americano** - Espresso added to filtered hot water (full flavored and satisfying yet mild as brewed coffee).

**Café Latté** - The Italian word for steamed milk, which is added to espresso-brewed coffee and topped with a layer of foamed milk.

**Cappuccino** - An equal combination of one third espresso, one third hot steamed milk and one third froth for a robust coffee drink.

**Café Mocha** - A chocolaty latté topped with whipped cream and chocolate shavings. Made exclusively with rich Ghirardelli chocolate.

**White Mocha** - Our house specialty. A latté with Ghirardelli white chocolate frothed in the milk. We recommend it highly.

**Iced Latté** - A cold brew espresso coffee which is mixed with ice and cold milk, add a flavor if you choose.

**Iced Mocha** - A Ghirardelli chocolate iced latté topped with whipped cream and sprinkles.

**Frappé** - A crushed ice drink made with Ghirardelli classico beverage mix and your favorite flavor, usually fruit, topped with whipped cream and sprinkles.

**Frappuccino** - A crushed ice coffee drink made with Ghirardelli classico beverage mix, cold brew coffee with flavored syrup and topped with whipped cream and sprinkles.
